Achievements

The NASSCOM EMERGE East is an initiative which will identify and honour the Emerging IT companies that are redefining the benchmark of excellence for the next generation of SME's. This year 10 EMERGING companies were awarded at the prestigious podium of NASSCOM EMERGE Kolkata 2012.

On that very day our respected CEO Mrs. Chandana Bhowmik had received the award for the creation and maintenance of application software for the Primary level industries such as Agriculture, from the Information Technology minister of West Bengal by that time. As an emerging IT company, we have created a unique Agricultural Database System, which has helped agriculture related government sectors and this work structure has helped us to bag this eminent achievement.
